

Towards an Equal Life - From Here to There

Next steps for Social Care Future

#socialcarefuture

What this is about

This is a short update for members of the Social Care Future network.

It says what is planned next and how members can get involved.

Social Care future has a vision for the future.

This vision is based on what a lot of people said is important to them.

We all want to live in the place we call home with the people and things that we love, in communities where we look out for one another, doing things that matter to us.

That's the social care future we seek. #socialcarefuture

socialcarefuture.blog

The vision says
'we all want to live in the place we call home with the people and things that we love, in communities where we all look out for one another, doing things that matter to us.'

Social Care Future is about coming together to make a difference not start a new organisation.

You can read more about Social Care Future and how it is working **HERE**

<https://socialcarefuture.org.uk>

People have been talking about how to make the vision happen so everyone can live **An Equal Life**

The social care future inquiry agreed that 5 big changes will help an Equal Life

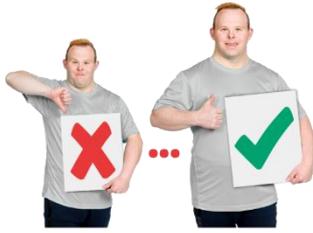

5 Key Changes to Unlock an Equal Life

1. Communities where everyone belongs
2. Living in the place we call home
3. Leading the lives we want to live
4. More resources, better used
5. Sharing power as equals

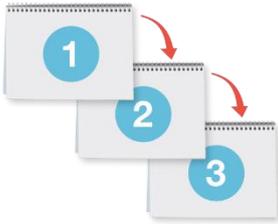

#socialcarefuture

Some things are changing but it is not the big change people have said they want

We have started to think about what we could all do next to make the social care future vision happen

The Social Care Future team Plans have 3 big actions planned

Action 1:

Talk about the vision and big ideas more

We want to help people think differently about social care

We will try to get people excited about how everyone could life **an Equal Life**

Action 2: Build people power

We will help the voice of people who draw on support be heard

We will make sure people and their supporters can speak up at meetings or influence reports or policy

Action3: Support and share good ways of working

We will share how people are changing social care, so it is better

We will support groups that are trying new ideas

We will speak up when we see something making a difference

How you can get involved

Will you be part of making the vision happen?

Can you share the ideas?

Could they be built into what you do in your group or your area?

We all want to live in the place we call home with the people and things that we love, in communities where we look out for one another, doing things that matter to us.

That's the social care future we seek. #socialcarefuture
